

6<sup>th</sup> October 2021

Dear Parents / Carers

I wanted to make you aware that we currently have a number of confirmed Covid 19 cases within our school community. These are isolated cases and they are not linked to any classes.

Both the academy and the families concerned are following Government guidance to deal with the positive cases to keep us all as safe as possible.

Please be vigilant regarding Covid symptoms, if your child/children become unwell and start displaying any symptoms, please arrange for your child to have a PCR test and keep the academy informed. If you are unsure about any symptoms please contact NHS track and trace or visit the Government website <https://www.gov.uk/coronavirus> or NHS website <https://www.nhs.uk/conditions/coronavirus-covid-19> for further advice.

We endeavour to keep you updated with this current situation and appreciate your continued support. If we continue to work together, we hope to keep the confirmed cases to a minimum.

Yours sincerely

Lindsey Corbett  
Principal

IS IT THE FLU OR COVID-19?			
	SYMPTOM	FLU	COVID-19
	FEVER	✓	✓
