

Outwood Primary Academy Newstead Green

Wakefield Well-being Partnership Event

Tuesday 12th September 9-11AM

School Hall

We are hosting an event to showcase the different services on offer in the local community to support families.

It would be great to see you there, where you can visit a number of stalls from organisations such as Turning Point, WDH, Kidsaware, Young Lives, Future in Mind and many more!

The organisations are there to support many issues including you and your children's well-being, financial support and housing support. As there are lots of organisations attending other support may also be available.

There will be tea, coffee and biscuits!
