

23rd November 2020

Dear Families,

Your child's login details for our Google Classroom are shown at the bottom of this letter. Google Classroom is our main communication tool at this very uncertain time. It allows us to distribute learning resources that you are able to use with your child on a weekly basis and in the event of a school closure.

We will also be using Google Classroom to share with you key information regarding how you can best support your child's education. An example of this is the sharing of phonics videos, which will allow you to practice letter sounds with your child.

Attached to this letter you will find a user guide, which will assist you in logging on to the site. If you experience any difficulties, please do not hesitate to contact us and we will be happy to support you in accessing the information.

Yours Sincerely

Lindsey Corbett
Associate Principal
